Dear Sir:

At the request of Mr. Henry A. Greene of Providence, I am sending you under separate cover a plaster cast of a tetradrachm of Perseus in his collection. He asks me to say to you that this was acquired from the Ratto Sale of April 1927, and that it weighs 16.27 Gms. In the same package I am sending a cast of a piece in the collection of the American Numismatic Society as well as another of a drachm in my small personal collection - this piece being the one illustrated in the Jour.Int.Num., 1911, Plate IX, 19.

Trusting that these casts will reach you in good condition and that we may see the fruits of your labors in print after a time, I beg to subscribe myself

Very truly yours,

Secretary
